

ExperimentaDesign Lisboa 2009 is looking for

exhibition set-up assistants

from September 1 to 13 for set-up, and November 9 to 15 for dismount.

Main tasks:

- Read and interpret technical plans and drawings
- Assist the exhibition's set-up/dismount, including handling exhibits and preparing the venue
- In coordination with the Biennale's producers, respond to the authors and curators' requests

Candidate profile:

- Preference to candidates with specific educational background: Degree in Design or Architecture
- Experience in production - exhibition and/or events (preferential factor)
- Responsible, reliable and punctual
- Team player
- High level of responsibility and systematization
- Versatile and good organisational skills
- Good communication skills, especially in inter-personal interaction

Other valued knowledge:

- Knowledge of construction materials and techniques
- Previous Participation in Exhibitions and Conferences; keen cultural interests

The selected candidates will be requested to attend a mandatory, unpaid training session between late August and the first week of September.

Send applications to visitas@experimentadesign.pt until **June 30**.
